

# Calling for Fathers to participate in a Research Study

- Are you a  $\geq 21$  years old Singaporean/ Singapore PR father with a 0-12 months old new baby?
- Has your 0-12 months old baby been discharged home in good health for at least 1 week?
- Are you living together with your baby and wife/female partner with whom you had your baby with?
- Can you spare 15-20 minutes to fill up an online survey?

- If you have answered **YES** to ALL these questions, you are a perfect candidate to participate in our research study.
- **The aim of this research study is to test the appropriateness of a newly developed Paternal Involvement in Early Infancy Scale (PEACE) in measuring paternal involvement among local fathers.**
- The survey will be available from **1<sup>st</sup> September 2022** to **30<sup>th</sup> November 2022**.
- Reimbursement of **\$5 Cold Storage e-voucher** will be given to the **first 100** participants for their time.
- All data collected will be used for **research purposes** only. Personal data will be coded at the earliest possible stage and **discarded immediately** after the study is completed. *(You will be requested to provide a valid email address to receive the e-voucher and digitally sign your name on a form to acknowledge your receipt of the voucher.)*
